INFORMATION CIRCULAR (As at January 12, 2023 except as indicated)

Tartisan Nickel Corp. (the “**Corporation**”) is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) that came into effect on February 11, 2013 under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 – *Continuous Disclosure Obligations* (“**NI 51-102**”) for distribution of this Circular to both registered and non-registered (or beneficial) shareholders of the Corporation (collectively, the “**Shareholders**”). Further information on notice-and-access is contained below under the heading *General Information Respecting the Meeting – Notice-and-Access* and Shareholders are encouraged to read this information for an explanation of their rights.

GENERAL INFORMATION RESPECTING THE MEETING

Solicitation of Proxies

This information circular (the “Circular”) is provided in connection with the solicitation of proxies by the management (the “Management”) of Tartisan Nickel Corp. (the “Company”). The form of proxy which accompanies this Circular (the “Proxy”) is for use at the annual general meeting of the shareholders of the Company to be held on Friday, February 17, 2023 (the “Meeting”). The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

VIRTUAL ONLY MEETING

The Company is having a virtual only meeting this year, which will be conducted by telephone conference call, as a result of the serious public health impact of the global COVID-19 pandemic, and in response to the recent public health measures enacted by the federal and provincial governments and public health officials to prudently protect the health and well-being of our communities, shareholders, employees and other stakeholders.

The Meeting will be held in a virtual only format by telephone conference call commencing at 10:00 a.m. (Toronto time) for the purposes set forth in the accompanying notice of Meeting (the “Notice of Meeting”).

APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by

striking out the printed names and inserting the desired person's name in the blank space provided. The completed Proxy should be delivered to Capital Transfer Agency Inc. ("Capital Transfer") by 10:30 a.m. (local time in Toronto, Ontario) on Wednesday, February 15, 2023 or before 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the Management of the Company knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will, in all likelihood, not be registered in the shareholder's name. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“Broadridge”) in Canada. Broadridge typically prepares a machine-readable voting instruction form (“VIF”), mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. The VIFs must be returned to Broadridge (or instructions respecting the voting of common shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own (“OBOs”) and those who do not object to their identity being made known to the issuers of the securities which they own (“NOBOs”). Subject to the provisions of National Instrument 54-101 - Communication with Beneficial Owners of Securities of a Reporting Issuer (“NI 54-101”), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

Pursuant to the provisions of NI 54-101, the Company is providing the Notice of Meeting, Circular and Proxy or VIF, as applicable, to both registered owners of the securities and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding common shares on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF. As a result, if you are a non-registered owner of the securities, you can expect to receive a scannable VIF from Capital Transfer. Please complete and return the VIF to Capital Transfer in the envelope provided or by facsimile. In addition, telephone voting and internet voting instructions can be found on the VIF. Capital Transfer will tabulate the results of the VIFs received from the Company’s NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIFs they receive.

The Company’s OBOs can expect to be contacted by Broadridge or their brokers or their broker’s agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO’s intermediary does not assume the costs of delivery

of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the common shares in that capacity. NI 54-101 allows a Beneficial Shareholder who is a NOBO to submit to the Company or an applicable intermediary any document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxy holder. If such a request is received, the Company or an intermediary, as applicable, must arrange, without expenses to the NOBO, to appoint such NOBO or its nominee as a proxy holder and to deposit that proxy within the time specified in this Circular, provided that the Company or the intermediary receives such written instructions from the NOBO at least one business day prior to the time by which proxies are to be submitted at the Meeting, with the result that such a written request must be received by 10:30 a.m. (Toronto time) on the day which is at least three business days prior to the Meeting. A Beneficial Shareholder who wishes to attend the Meeting and to vote their common shares as proxy holder for the registered shareholder, should enter their own name in the blank space on the VIF or such other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxy holder and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Capital Transfer, unless specifically stated otherwise.

Financial Statements

The audited financial statements of the Company for the years ended March 31, 2021 and March 31, 2022, together with the auditor's report on those statements and Management Discussion and Analysis, will be presented to the shareholders at the Meeting.

As at January 3, 2023, the Company's authorized capital consists of an unlimited number of common shares of which 114,297,128 common shares are issued and outstanding. All common shares in the capital of the Company carry the right to one vote.

As the Meeting is a virtual only Meeting, which will be conducted by telephone conference call, Shareholders registered as at January 3, 2023, are encouraged to complete, date and sign the form of proxy and return it to Capital Transfer Agency ULC as set forth in the accompanying Notice of Meeting. Shareholders will not be able to vote through the conference call.

IV. Approval of Stock Option Plan

At the Meeting, the Shareholders of the Corporation will be asked to consider and, if thought fit, to pass an ordinary resolution (the “Stock Option Plan Resolution”) approving the Corporation’s existing stock option plan, the 2011 Stock Option Plan, (the “Stock Option Plan”).

Background of Stock Option Plan Resolution

The Canadian Securities (the “CSE”) requires all listed companies that have a stock option plan in place to have such plan approved by the shareholders of the Corporation on an annual basis. Accordingly, the Corporation is again seeking shareholder approval at the Meeting for, and to renew, the Stock Option Plan.

Summary of the Principal Terms of the Stock Option Plan

The following is a summary of the principal terms of the Stock Option Plan (the “Plan”), which is qualified in its entirety by the full text of the Stock Option Plan, a copy of which is attached hereto as Appendix “B”, and can be obtained prior to the Meeting by requesting a copy to be sent by post by contacting the Corporation’s secretary.

The Stock Option Plan is a “rolling” stock option plan under which options may be granted to “Eligible Persons” in respect of authorized and unissued Common Shares provided that, the aggregate number of Common shares reserved by the Corporation for issuance and which may be purchased upon the exercise of all options shall not exceed 10% of the issued and outstanding Common Shares of the Corporation at the time of granting of options (on a non-diluted basis). An Eligible Person means any director, officer, employee (part-time or full-time), service provider or consultant of the Corporation or any of its subsidiaries. If any option granted under the Stock Option Plan is surrendered, terminated, expires or is exercised, the Common shares reserved for issuance, or issued, pursuant to such option shall be available for new options granted under the Stock Option Plan.

The Board of Directors of the Corporation implemented a effective September 7, 2011. The number of shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to insiders as a group is 10%, to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. The Stock Option Plan which sets the number of shares issuable under the plan at a maximum of 10% of the issued and outstanding shares is approved and ratified by shareholders on an annual basis.

Therefore, at the Meeting, shareholders will be asked to pass a resolution substantially in the following form:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. The Stock Option Plan of the Corporation as described in this management information circular of the Corporation dated January 12, 2023 be and it is hereby approved by the shareholders of the Corporation.
2. the number of common shares of the Corporation issuable pursuant to the Stock Option Plan shall continue to be set at a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Corporation’s issued and outstanding shares being reserved to any one person on a yearly basis issued and outstanding from time to time, subject to any limitations imposed by applicable regulations, laws, rules and policies; and
3. Any director or officer of the Corporation be and is authorized, instructed and empowered, acting for, in the name of and on behalf of the Corporation, to do or to cause to be done all such other acts and things in the opinion of such director or officer of the Corporation as may be necessary or desirable to satisfy securities and corporate regulators and in order to fulfill the intent of this foregoing resolution.”

The purpose of the Plan is to allow the Corporation to grant options to Directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Corporation. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to five years as determined by the Board of Directors of the Corporation and are required to have an exercise price no less than the closing market price of the Corporation’s shares prevailing on the day that the option is granted. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to Directors, officers, employees and consultants of the Corporation and its subsidiaries or employees of companies providing management or

consulting services to the Corporation or its subsidiaries. The Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder.

If the optionee ceases to be an eligible person as a result of termination for cause of such optionee by the Corporation any outstanding option held by such optionee on the date of such termination, whether in respect of option shares that are vested or not, shall be cancelled as of that date. If the optionee ceases to be an eligible person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Corporation's retirement policy then in force, or due to his or her termination by the Corporation other than for cause, or due to his or her voluntary resignation, the option then held by the optionee shall be exercisable to acquire unissued option shares at any time up to but not after the earlier of the expiry date and the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee or, the Board of Directors of the Corporation may, in its sole discretion if it determines such is in the best interests of the Corporation, extend the expiry date of the option of an optionee to a later date within a reasonable period.

The full text of the Plan will be available for review at the Meeting.

V. SHARE CONSOLIDATION AND/OR NAME CHANGE

The Board of Directors wishes to have the ability to consolidate the issued and outstanding Common Shares of the Corporation on the basis of one (1) new share for up to three (3) old shares, if considered necessary or advisable by the Board of Directors, with the actual consolidation ratio to be determined by the Board of Directors. To consolidate the Common Shares of the Corporation, the articles of the Corporation must be amended. Such an amendment must be authorized by a special resolution of shareholders. Shareholders of the Corporation will therefore be asked at the Meeting to consider and, if thought advisable, to authorize by means of a special resolution, an amendment to the articles of the Corporation to consolidate the issued and outstanding Common Shares of the Corporation by changing each one of the issued and outstanding Common Shares of the Corporation into such a fraction of a new common share of the Corporation as is determined by the Board of Directors, provided, however, that such fraction shall not be smaller than one-third (1/3) of a new common share. No fractional common shares of the Corporation will be issued in connection with such consolidation and, in the event that a shareholder would otherwise be entitled to receive a fractional share upon such consolidation, the number of common shares of the Corporation to be received by such shareholder will be rounded down to the next lowest whole number of common shares. The Board of Directors will also have the authority to determine when to implement the consolidation or to decide not to implement it. In connection with the consolidation or independently from any consolidation, the Board of Directors wishes to have the ability to change the Corporation's name to a similar name or any

other name determined by the Board of Directors. The Board of Directors will also have the authority to determine when to implement the name change or decide not to implement it.

The special resolution regarding the share consolidation and name change that shareholders will be asked to approve is as follows:

BE IT RESOLVED AS A SPECIAL RESOLUTION THAT:

1. the Articles of the Corporation be amended to consolidate the issued and outstanding common shares of the Corporation by changing each one of the issued and outstanding common shares of the Corporation into such a fraction of a common share of the Corporation as is determined by the board of directors, provided, however, that such fraction shall not be smaller than one-third (1/3) of a common share;
2. no fractional common shares of the Corporation shall be issued in connection with the consolidation and, in the event that a shareholder would otherwise be entitled to receive a fractional share upon such consolidation, the number of common shares of the Corporation to be received by such shareholder shall be rounded down to the next lower whole number of common shares;
3. in connection with such potential consolidation or independently therefrom, the Corporation be and is hereby authorized to change its name to a name determined by the board of directors and acceptable to securities regulatory and other authorities having jurisdiction;
4. any one director or officer of the Corporation be and is hereby authorized, for and on behalf of the Corporation, to execute and deliver, or cause to be delivered, articles of amendment of the Corporation, as required pursuant to the *Business Corporations Act (Ontario)*, and to do all such other acts or things necessary or desirable to implement, carry out and give effect to the said consolidation or name change or both the consolidation and name change; and
5. the directors of the Corporation are hereby authorized pursuant to Section 168(3) of the *Business Corporations Act (Ontario)*, in their discretion, to revoke this special resolution or any portion thereof before it is acted upon without further approval or authorization of the shareholders of the Corporation.

To be approved, the above special resolution must be passed by at least two-thirds of the votes cast by shareholders at the Meeting in respect of this special resolution. Unless otherwise specified, the persons named in the enclosed form of proxy will vote FOR the special resolution.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Corporation's compensation philosophy for its "Named Executive Officer" or "NEO" is designed to attract well qualified individuals in what is essentially an international market by paying competitive base management fees plus short and long term incentive compensation in the form of stock options or other suitable long term incentives. The Board of Directors meets to discuss and determine executive compensation without reference to formal objectives, criteria or analysis. In making its determinations

regarding the various elements of executive compensation, the Board of Directors does not benchmark its executive compensation program, but from time to time does review compensation practices of companies of similar size and stage of development to ensure the compensation paid is competitive within the Corporation's industry and geographic location while taking into account the financial and other resources of the Corporation.

The duties and responsibilities of the President and CEO are typical of those of a business entity of the Corporation's size in a similar business and include direct reporting responsibility to the Board, overseeing the activities of all other executive and management consultants, representing the Corporation, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

Elements of Compensation

The Corporation's executive compensation policy consists of an annual base salary and long term incentives in the form of stock options granted under the Corporation's Stock Option Plan.

The base salaries paid to officers of the Corporation are intended to provide fixed levels of competitive pay that reflect each officer's primary duties and responsibilities and the level of skill and experience required to successfully perform their role. The Corporation intends to pay base salaries to officers that are competitive with those for similar positions in the mining industry to attract and retain executive talent in the market in which the Corporation competes for talent. Base salaries of officers are reviewed annually by the Board of Directors.

The incentive component of the Corporation's compensation program is the potential longer term reward provided through the grant of stock options. The Corporation's Stock Option Plan is intended to attract, retain and motivate officers and Directors of the Corporation in key positions, and to align the interests of those individuals with those of the Corporation's shareholders. The Stock Option Plan provides such individuals with an opportunity to acquire a proprietary interest in the Corporation's value growth through the exercise of stock options. Options are granted at the discretion of the Board of Directors, which considers factors such as how other junior exploration companies grant options and the potential value that each optionee is contributing to the Corporation. The number of options granted to an individual is based on such considerations. Stock options are granted at an exercise price of not less than the prevailing market price of the Corporation's shares at the time of the grant, and for a term of exercise not exceeding ten years.

The Corporation has not currently identified specific performance goals or benchmarks as such relate to executive compensation, but from time to time does review compensation practices of companies of similar size and stage of development to ensure the compensation paid is competitive within the Corporation's industry. The stage of the Corporation's development and the small size of its specialized management team allow frequent communication and constant management decisions in the interest of developing shareholder value as a primary goal. As the Corporation progresses toward a revenue-producing entity, and performance goals are more apt to be delegated, particular performance goals will become more complex and measurable, and included in the compensation structure accordingly.

Compensation Policies and Risk Management

The Board of Directors considers the implications of the risks associated with the Corporation's compensation policies and practices when determining rewards for its officers. The Board of Directors

intends to review at least once annually the risks, if any, associated with the Corporation's compensation policies and practices at such time.

Executive compensation is comprised of short-term compensation in the form of a base salary and long-term ownership through the Corporation's Stock Option Plan. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Corporation and the shareholders is extremely limited. Furthermore, the short-term component of executive compensation (base salary) represents a relatively small part of the total compensation. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Corporation or the shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the small size of the Corporation and the current level of the Corporation's activity, the Board of Directors is able to closely monitor and consider any risks which may be associated with the Corporation's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Corporation are reviewed. No risks have been identified arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

Hedging of Economic Risks in the Corporation's Securities

The Corporation has not adopted a policy prohibiting Directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Corporation's securities granted as compensation or held, directly or indirectly, by Directors or officers. However, the Corporation is not aware of any Directors or officers having entered into this type of transaction.

Option-Based Awards

The Corporation's Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Corporation. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the Canadian Securities Exchange, and closely align the interests of the executive officers with the interests of shareholders.

The Board of Directors as a whole has the responsibility to administer the compensation policies related to the executive management of the Corporation, including option-based awards.

Compensation Governance

Options are granted at the discretion of the Board of Directors, which considers factors such as how other junior exploration companies grant options and the potential value that each optionee is contributing to the Corporation. The number of options granted to an individual is based on such considerations.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Corporation's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Corporation at its current stage of development and, therefore, these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Corporation's current Board consists of four Directors, three of whom are independent based upon the tests for independence set forth in National Instrument 52-110 ("NI 52-110"). Yves Pierre Clement and Douglas Flett are independent. If appointed, Yves Pierre Clement would also be independent. D. Mark Appleby is not independent as he is the President and CEO of the Corporation.

Management Supervision by Board

The operations of the Corporation do not support a large Board of Directors and the Board has determined that the current constitution of the Board is appropriate for the Corporation's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent Directors are however able to meet at any time without any members of management including the non-independent Directors being present. Further supervision is performed through the use of special committees as required and through the audit committee which is composed of a majority of independent Directors who meet with the Corporation's auditors without management being in attendance. The independent Directors also have access to the Corporation's outside legal counsel as required, and its officers.

Risk Management

The Board of Directors is responsible for adoption of a strategic planning process, identification of principal risks and implementing risk management systems, succession planning and the continuous disclosure requirements of the Corporation under applicable securities laws and regulations.

The audit committee is responsible for the risk management items set out in the audit committee charter.

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

While the Corporation does not have formal orientation and training programs, new Board members are provided with:

1. information respecting the functioning of the Board of Directors, committees and copies of the Corporation's corporate governance policies;
2. access to recent, publicly filed documents of the Corporation, technical reports and the Corporation's internal financial information;
3. access to management and technical experts and consultants; and
4. summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Corporation and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct and has instructed its management and employees to abide by the Code.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mineral exploration industry are consulted for possible candidates.

Compensation of Directors and the CEO

The independent Directors are Yves Pierre Clement and Douglas Flett. These Directors have the responsibility for determining compensation for the Directors and senior management.

To determine compensation payable, the independent Directors review compensation paid for Directors and CEOs of companies of similar size and stage of development in the mineral exploration industry and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the Directors and senior management while taking into account the financial and other resources of the Corporation. In setting the compensation the independent Directors annually review the performance of the CEO in light of the Corporation's objectives and consider other factors that may have impacted the success of the Corporation in achieving its objectives.

Board Committees

The Corporation has an Audit Committee comprised of Douglas Flett, D. Mark Appleby and Yves Clement. Special Committee's comprised of independent and non-conflicted Directors are formed to review any proposed non-arms length transactions. The Directors are actively involved in the operations of the Corporation and the size of the Corporation's operations does not warrant a larger board of Directors. The Board has determined that additional committees beyond the audit committee and special committee are not necessary at this stage of the Corporation's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Corporation's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual Directors and each of its committees. To assist in its review, the Board conducts informal surveys of its Directors.

Expectations of Management

The Board expects management to operate the business of the Corporation in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Corporation's business plan and to meet performance goals and objectives.

Director Term Limits and Other Mechanisms of Board Renewal

The Board is concerned that imposing inflexible director term limits or mandatory retirement ages would discount the value of experience of the Corporation's history and culture and the importance of continuity, and risk the loss of key directors. The Board has therefore elected not to adopt term limits or mandatory retirement policies, but rather relies on the collective experience and judgment of its members to determine when changes in the Board are appropriate. Shareholder feedback and voting results are also considered by the Board in this regard.

Diversity Policy

The members of the Board have diverse backgrounds and expertise and were selected on the belief that the Corporation and its stakeholders would benefit from such a broad range of talent and experience. The Board considers merit as the key requirement for board appointments. The Corporation has not adopted a written diversity policy and has sought to attract and maintain diversity at the Board level informally through the recruitment efforts of Management in discussion with directors prior to proposing nominees to the Board as a whole for consideration.

Consideration of the Representation of Women on the Board and in Executive Officer Appointments

In identifying suitable Board nominees or in selecting and assessing candidates for executive positions, candidates will be considered on merit against objective criteria regarding business experience, skill sets, competencies, technical expertise, sector specific knowledge and with due regard for the benefit of diversity including the level of representation of women in these capacities. As the need for new directors or executive officers arises, the Board assesses candidates on the basis of industry experience and business acumen with specific knowledge of mineral exploration and development or other areas (such as finance, market experience in other areas) as desired at that particular time by the Corporation and the Board. Board candidates are also evaluated against the area of expertise of existing members so new appointments may contribute to expanding the Board's breadth of experience.

Compensation Committee

A majority of the members shall not be officers or employees of the Company and shall be unrelated, independent directors.

Members of the Compensation Committee shall be appointed or reappointed at the meeting of the Board following the Company’s annual general meeting and from among the appointees to the Compensation Committee, the Board shall appoint a chairperson (the “Compensation Committee Chairperson”). The duties of the Compensation Committee Chairperson include overseeing the proper functioning of the Compensation Committee to ensure the proper discharge of its duties, to schedule meetings and to ensure timely reporting to the Board.

The Compensation Committee will meet as often as may be necessary or appropriate in its judgment.

In exercising its mandate, the Compensation Committee sets the standards for the compensation of directors, employees and officers based on industry data and with the goal to attract, retain and motivate key persons to ensure the long term success of the Company. Compensation generally includes the three (3) following components: base salary, annual bonus based on performance and grant of stock options. The Compensation Committee takes into account the context of its activities and increased competition in the market for its key personnel while also taking into account the performance and objectives set forth for the Company.

The Compensation Committee is accountable to the Board and reports to the Board at its next regular meeting all deliberations and actions it has taken since any previous report. Minutes of Compensation Committee meetings will be available for review by any member of the Board on request to the Compensation Committee Chairperson.

The members of the Compensation Committee are D. Mark Appleby, Douglas Flett and Yves Pierre Clement.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing to mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

Other Board Committees

Other than the Audit Committee and the Compensation Committee, the Board has no other committees. The directors are regularly informed of or are actively involved in the operations of the Corporation. The scope and size of the Corporation's operations and development does not currently warrant an increase in the size of the Board or the formation of additional committees, however, the Board periodically examines its size and constitution and may from time to time establish ad hoc committees to deal with specific situations.

Assessments

The Board, as a whole, conducts informal annual assessments of its effectiveness and the effectiveness of individual directors and from time to time reviews and updates existing mandates or charters.
